

# What Next?

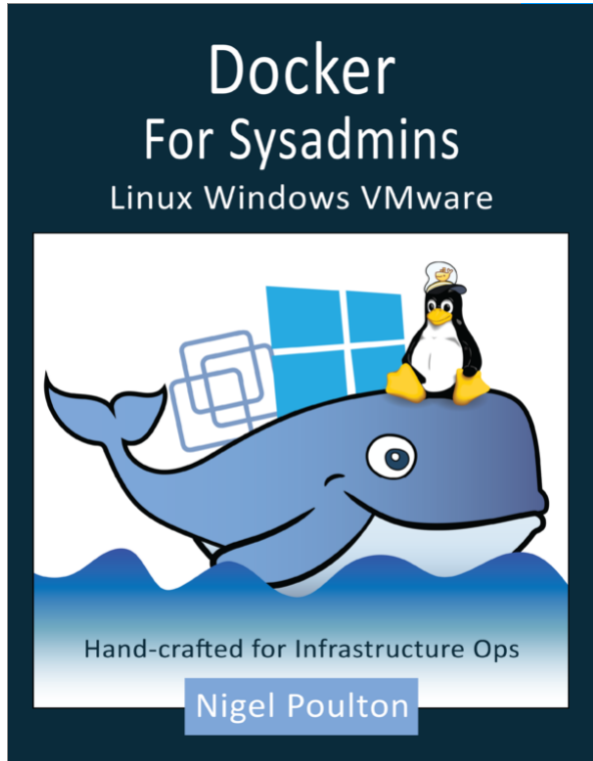

---

**Nigel Poulton**

@nigelpoulton [www.nigelpoulton.com](http://www.nigelpoulton.com)

 @nigelpoulton

## Go declarative!

Learn some YAML or JSON

## Go Highly Available (H/A)

etcd and other control plane bits

## Explore more Kubernetes objects

LoadBalancer Services etc...

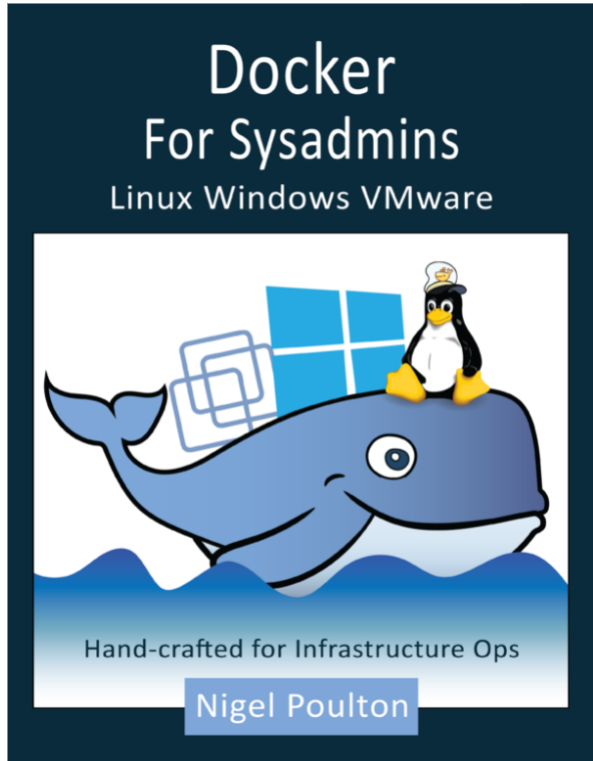

## Look at the wider ecosystem

CoreOS rkt, Docker, GKE...
